

Alfred Laws-Owner/Operator Surf Laws co.

Alfred Laws created Surf Laws co. Surf School of Ventura County more than a dozen years ago. He did so in response to the countless requests from friends and acquaintances for him to somehow share with them his water-wise knowledge and obvious expertise in the sport of surfing.

Alf's background as a 25 year veteran of the L.A. county Lifeguards, (including 10 years running the Jr. Guard program); with an extended stint as a paramedic; makes him uniquely qualified to teach anyone an awareness of handling themselves safely in the ever-changing, always unpredictable ocean environment.

His years as a competitive surfer and a world class paddler have equipped him with an intimate knowledge and appreciation of the dynamics of the sport of surfing.

Alf's historic reputation and abundant list of qualifications as a competent and responsible "Ocean Skills" instructor is notable, and includes but is not limited to:

- **Member of U.S. Surfing Team which competed in the 1973 World Championships.**
- **Winner of Numerous Surfing Awards worldwide**
- **2007 Induction into the Hermosa Beach Surfers Walk of Fame**
- **10 Years Head instructor of the L.A. county Jr. Lifeguard Program**
- **Certified Scuba Diving Instructor**
- **Dive Master for the Northern Division of Underwater Search & Recovery in L.A. County.**
- **20 Years of Commercial Diving in the wild waters of the Channel Islands**
- **1995 Recipient of a Medal of Valor Award for Lifesaving**

After successfully operating his surf school thru the years, teaching hundreds of students aged 9-90 to enjoy the sport that at one time was reserved only for the likes of Hawaiian royalty, it's no wonder that Alf's program has been consistently chosen over those of less competent programs.

Big is not always better. Surf Laws has no brand name affiliates

Alf has always chosen to operate a low profile program, preferring to focus his energy entirely upon maintaining his high quality of instruction that consistently evokes the intended result of...

Sharing the Stoke of Surfing!
