To Whom It May Concern,

This past summer 2004, WaterWorks/Surf Laws provided two outstanding one week surf camps to the Thousand Oaks Teen Center.

Mara Cranic and Alf Laws were extremely professional, well organized, and a pleasure to work with. Additionally, their camp staff received great evaluations from the teen participants. We had fifty teens sign up for the program. WaterWorks/Surf Laws transported the teens from our center in Thousand Oaks to various beaches up in the Oxnard/Ventura area.

Parents and Teen Center staff were encouraged to check out the program, and on two occasions, I did. Both times I was extremely impressed with the program.

On the last day of each session, the surf company provided a lunch and awards ceremony. They handed out t-shirts, photos, and certificates to the teens. The kids really enjoyed this, so did their parents.

We will look forward to working with both Mara & Alf & WaterWorks/Surf Laws next summer. They run a great program.

Please feel free to call if you have any questions.

Sincerely,

Brenda Coleman
